

Allenton Community Primary School

Progression Map

PSHE

At Allenton Primary School we want all of our children to have clear understanding of their personal, social, health and economic well-being and how this is affected throughout life and across the whole curriculum. We want our children to have a clear understanding of The British values and how this links in with the well-being of the whole community in school and beyond.

The core themes around the subject are taken from PSHE Association and are covered under the headings:

Relationships: Autumn

Living in the Wider World: Spring

Health and Well Being: Summer

Where possible objectives are covered within other subject areas such as P.E and computing.

Clear links are made with PSHE around themed weeks and days.

We want the children to have a clear understanding about healthy relationships and to empower them to understand what they can do when they feel there is an unhealthy relationship. This is covered in depth through the Christopher Winters Project.

The main pillar of PSHE is that it is to be collaborative and covered as a community, thus the use of a floor book is

CORE THEME 1: HEALTH AND WELLBEING

CORE THEME 2: RELATIONSHIPS

CORE THEME 3: LIVING IN THE WIDER WORLD
