

Allenton Primary Summer 1 NEWSLETTER

Summer 2 is certainly hotting up! This term has seen our Year 6s really show their resilience with their SATs, we're so proud of their efforts! The rest of the school have also been working hard, preparing for the Phonics and Multiplication checks, alongside enjoying opportunities to visit places like Kenilworth Castle and Carsington Water.

Our community

The children have really been out into the community this half term, with each year group taking a local trip in and around Allenton, looking at buildings, architecture, environmental impact, pollution and generally being out and about - there is so much to see and learn about in Allenton!

They used this learning to develop their work for the Geography Showcase - thank you so much if you got the chance to visit and see their work! The school council are really pleased to have raised money to go towards projects with the bake sale - thank you!

We've also made links with other schools in the area, with the football team having an away match recently and Year 2 heading to Shelton Lock Infants!
